

OKLAHOMA STATE UNIVERSITY

DEPARTMENT OF MATHEMATICS

FOR UNDERGRADUATES INTERESTED IN MATHEMATICS

INTRODUCTION TO GRADUATE STUDIES IN MATHEMATICS

This event, delivered by mathematics graduate students through the Mathematics Graduate Student Society, features a series of presentations on mathematical study as a graduate student, including a follow-up question and answer session. If you are interested in a career in mathematics or a related discipline, it is highly recommended that you attend. Subjects discussed include algebra, analysis, topology, number theory, logic, representation theory, applied mathematics, and mathematics education. Food and refreshments will be provided.

DATE: Tuesday, September 20

TIME: 5:00-7:00 p.m.

LOCATION: HES (Human Environmental Sciences) 134

QUESTIONS?
