

## Math Club Announcements

November 12, 2003

- **Talk on Symmetry of M. C. Escher Art:** Friday's Math Colloquium talk (Nov. 14, at 4:00 in MS 422) will be understandable for undergraduates. The speaker, Doris Schattschneider, is an internationally known expert on the art of M. C. Escher.
- **Women in Mathematics:** Each week a short biographical story about the accomplishments of an important female mathematician will be posted on the Undergraduate Bulletin board. These stories are taken from the website ([www.awm-math.org](http://www.awm-math.org)) for the Association for Women in Mathematics.
- **The Putnam Contest:** The Putnam contest is coming up on Saturday December 6 for those liking a problem solving challenge. Practice sessions take place Mondays from 4:30 – 6:00 in MS 422.
- **Join the Math Club:** Last chance to take advantage of a great opportunity! It costs just \$5 and helps provide pizza or refreshments for our meetings. Fill in the form and give your money to one of the officers.
- **Get a Math Club t-shirt:** Be the envy of all who see you! Give your size, color and \$12 to any math club officer. Last chance this year!
- **Indra's Pearls: The Course:** This math topics course (MATH 6490) will be offered in the spring by Dr. David Wright. The course, based on Dr. Wright's book *Indra's Pearls*, will consist of exercises and projects making heavy use of the computer math system *Maple* (a basic introduction to using *Maple* will be included in the course). This course can count as one of the 12 hours of upper division math courses required for undergraduates. Talk to Dr. Wright if interested.
- **Math Club Web Page:** Check it out at <http://www.math.okstate.edu/~mathclub>
- **Sixth Annual Nebraska Conference for Undergraduate Women in Mathematics:** This conference can be a valuable experience for women thinking of careers in mathematics. All expenses paid (including travel). For application information see Undergrad bulletin board or go to <http://www.math.unl.edu/~ncuwm>
- **Undergraduate Bulletin Board:** Information of interest to undergraduate math majors is posted on the bulletin board on the 4<sup>th</sup> floor of Math Sciences next to the Women's Restroom. Check for internship information during spring.
- **Undergraduate Lounge:** Don't forget that the undergraduate lounge (the back room of MS 423) is intended as a place to hang out and study for undergraduates.
