OKLAHOMA STATE UNIVERSITY SYLLABUS ATTACHMENT SUMMER 2011

<http://osu.okstate.edu/acadaffr/aa/syllabusattachment-Summer.htm>

WE ARE VERY CONCERNED ABOUT YOUR SUCCESS AS A STUDENT AT OSU. THIS INFORMATION IS PROVIDED TO ANSWER QUESTIONS MOST OFTEN ASKED BY STUDENTS.

CHECK THE ACADEMIC CALENDAR SECTION OF THE REGISTRAR'S WEBSITE (http://registrar.okstate.edu/index.php?option=com_content&view=article&id=311&Itemid=3) FOR THE "DROP" AND "WITHDRAWAL" DEADLINES FOR THIS TERM.

DROPPING A COURSE AND WITHDRAWING FROM THE UNIVERSITY Students often confuse these terms <http://osu.okstate.edu/acadaffr/aa/DropAdd.htm>.

Dropping a Course (or courses) may occur during the nonrestrictive period in the term. This means, however, that you are still enrolled in at least one other OSU course this summer. (Remedial courses cannot be dropped without written permission of the advisor.) *After the last date to drop a course with a grade of "W", a course may be dropped by petition but only when verifiable extenuating circumstances can be demonstrated.* Verifiable extenuating circumstances must be reasons beyond your control, such as illness or accidental injury. **Poor performance in class is not an extenuating circumstance.** You must obtain a petition to drop a course after the deadline from your advisor and get the signature of your advisor and dean with a grade of "W" or "F" assigned by the instructor. The Late Drop Panel must then approve the petition.

Withdrawing from the university means that you are dropping *all* of your courses and **are no longer enrolled for the current semester.** The withdrawal process is initiated in your dean's office.

ACADEMIC INTEGRITY POLICY

Oklahoma State University is committed to the maintenance of the highest standards of integrity and ethical conduct of its members. This level of ethical behavior and integrity will be maintained in this course.

Participating in a behavior that violates academic integrity (e.g., unauthorized collaboration, plagiarism, multiple submissions, cheating on examinations, fabricating information, helping another person cheat, unauthorized advance access to examinations, altering or destroying the work of others, and fraudulently altering academic records) will result in your being sanctioned. Violations may subject you to disciplinary action including the following: receiving a failing grade on an assignment, examination or course, receiving a notation of a violation of academic integrity on your transcript, and being

suspended from the University. You have the right to appeal the charge. Contact the Office of Academic Affairs, 101 Whitehurst, 405-744-5627, academicintegrity.okstate.edu.

CLASS ATTENDANCE IS IMPORTANT

Class attendance is a critical component of learning; therefore, you are expected to attend and participate fully in all scheduled class meetings. Many instructors consider attendance so essential that your grade may be affected by your absence. **SOME DEPARTMENTS AND PROFESSORS HAVE MANDATORY ATTENDANCE POLICIES.** If no written attendance policy is provided before the last day to add a class without instructor permission, no penalty may be assessed for class absences although you may not be permitted to make up certain in-class activities. If you are required to participate in official university-sponsored activities or military training you should receive an excused absence unless the written course attendance policy indicates otherwise. If you will be absent from class for sponsored activities, you must provide prior notification of the planned absence to the instructor. You may be required to submit assignments or take examinations before the planned absence.

If you must be absent from classes due to illness or other extenuating circumstances, it is your responsibility to notify instructors at the earliest possible time and determine if missed assignments can be submitted.

SEEK ANSWERS TO YOUR QUESTIONS

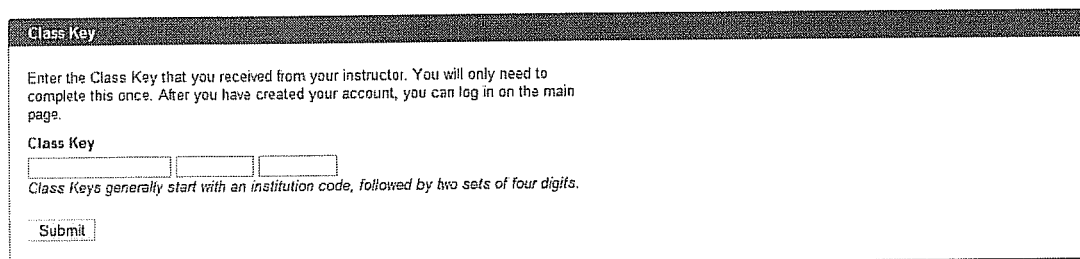

The OSU faculty and staff want you to be successful in your educational pursuits. If you have questions or concerns, seek help EARLY. We are here to assist you.

WebAssign Self-Enrollment for OSU Calculus

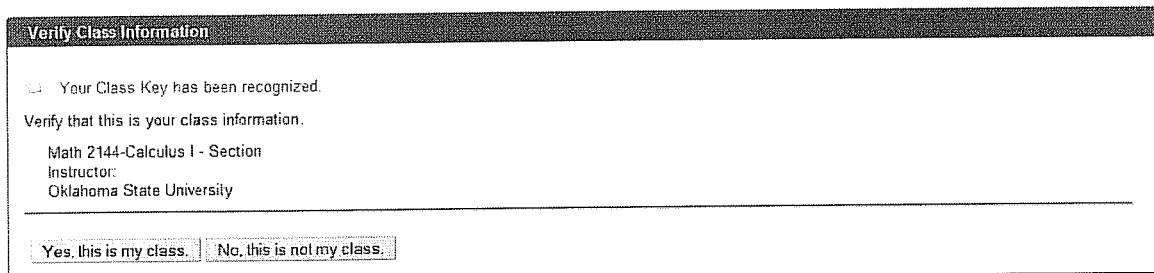

1. Go to <https://www.webassign.net/login.html>. At the bottom of the page, it should say, "Students: If your instructor gave you a Class Key, add yourself to that class here." Click the button that says, "I have a Class Key."

2. Type the class key your instructor gave you in the three boxes that appear. In the first box, you'll type okstate. In the second two, you'll type four-digit numbers. Click submit.

A screenshot of a web form titled "Class Key". The form contains the following text: "Enter the Class Key that you received from your instructor. You will only need to complete this once. After you have created your account, you can log in on the main page." Below this is a label "Class Key" followed by three input boxes. Underneath the boxes is the text: "Class Keys generally start with an institution code, followed by two sets of four digits." At the bottom left of the form is a "Submit" button.

3. You should get a screen that says that your Class Key has been recognized. Make sure the section and instructor information match the class in which you're enrolled. (Your screen will have a number after "Section" and an instructor after "Instructor:" in the picture below.) If not, check to be sure you have the right Class Key. If the information is right, click "Yes, this is my class."

A screenshot of a web form titled "Verify Class Information". The form contains the following text: "Your Class Key has been recognized." Below this is the instruction: "Verify that this is your class information." The form displays the following information: "Math 2144-Calculus I - Section", "Instructor:", and "Oklahoma State University". At the bottom of the form are two buttons: "Yes, this is my class." and "No, this is not my class."

4. You will then be asked if you already have a WebAssign account. If you already have a WebAssign account from another class at OSU (not at another institution), then you may use that one. If not, select, "I need to create a WebAssign account," and click continue.

- I need to create a WebAssign account.
- I already have a WebAssign account.

5. You will now be asked to pick a username and password. For your username, we recommend that you use your O-Key in the firstname.lastname format. For example, Jane Doe would use the username jane.doe. Your institution code is okstate, and that should be entered already. Pick a password that would be hard for others to guess. Then under student information, please enter your first and last names, e-mail address, and OSU student number. When you're done, click "Create My Account."

6. You will be prompted at some point for an Access Code, which you should have received bundled with your textbook. You may use WebAssign for 14 days without entering the code, but eventually you'll be locked out if you don't enter it.
